Future Projections

Social Blade predicts that **Verlisify** will reach **474.3K Subscribers** and **216.5M Video Views** within the next year. If the growth remains consistent, this content creator should have about **482.9K Subscribers** and **244.1M Video Views** in 2 years.

This future trend is predicted using polynomial regression and is available for further inspection at this channel's [future projections page](#), on the Social Blade website.
